Contract For NM Draw Application

This signed document grants permission as an agreement for the hunter-client and/or NM Outfitter to apply the hunter-client under the NM Outfitter number, thus allowing said hunter-client to be legally applied in the New Mexico Outfitter 10% Special Drawing Pool for any of the following big-game species: Elk, Deer, Pronghorn Antelope, Bighorn Sheep, Barbary Sheep, Oryx, Ibex and Javelina. Any hunter-client drawing a license from the 10% pool, by law, must hunt with Jordan Hall or Ryan Nogosek unless otherwise released in writing by Jordan Hall or Ryan Nogosek. The NM Outfitter shall ensure that the hunter-client is accompanied by the outfitter or their registered guide for at least two days of the hunt. Unless otherwise specified in a signed contract following the draw license results, the hunt shall be fully outfitted to include the following at a minimum, a registered guide for two days during the hunt. Hunter-client recognizes that their hunting license drawn from the 10% pool is not valid unless they have a written contract with and hunt with a registered NM Outfitter; those hunter-clients who choose to hunt on their own may be prosecuted for hunting without a valid license.

Furthermore:

- Once successful in the draw the client shall receive a contract for the specific hunt code drawn
- This contract shall be valid for a period of up to three years for application under either Ryan Nogosek or Jordan Hall
- The Price shall be that represented in the attached price sheet, unless otherwise agreed.
- Upon successful drawing of a NM big game license a 50% **NON-REFUNDABLE** deposit shall be due within 30 days of notification of the NM Draw results. (This is to ensure pre-season scouting, as well as guide availability, under extreme circumstances the outfitter may apply the deposit towards a future hunt)
- Prices Listed do Not include applicable NM Gross receipts tax, transportation to hunt location, meat processing, taxidermy work, or gratuities for guides, cook, etc. All hunts are fully outfitted unless otherwise agreed previous to applying in the NM draw
- In the event the client chooses to file a lawsuit against either Ryan Nogosek or Jordan hall, they agree to do so in the state of New Mexico alone.
